August 22, 2005

Dear Loyal Friend of L4L,

The **Lunches for Learning (L4L) program** at Andrea Gonzales Elementary School in El Amatillo, Honduras is having a very successful year. Thanks to the generous support of our contributors, we have been able to provide a nutritious lunch for each of the 104 students enrolled for the 2005 school year, which ends in November of 2005.

The mission of **L4L** is to provide a school lunch program for poor rural elementary schools in Honduras on a continuous basis. The Board of Directors is committed to that mission and has resolved to do all within its power to ensure that the program is as successful in the future as it was in its' initial year. As we have shared the story of **L4L** with those who contributed to the program last year, the overwhelming response has been one of reward for having had an opportunity to participate in this very worthwhile project.

On behalf of the lunches for learning team, we thank you for your generosity and we once again ask for your support. We are pleased to invite you to partner with us as we launch the 2006 school year. Any level of assistance will be greatly appreciated and prudently used. ***A one-time gift of \$150.00 or \$15.00 per month will support one child for the 10-month school year.*** Simply designate your preferred contribution amount on the enclosed pledge form and return to L4L.

To illustrate the impact you have had in the life of a child in the rural community of El Amatillo, we have attached several pictures. Those on the left show some of the students who can go to school **because** there is a school lunch program (**L4L**). The pictures on the right are a collection taken at the school.

Again, we are excited to share this invitation to partnership with you for the 2006 school year. If you would like any additional information, please email us at

lunches4learning@juno.com.

Siempre su amigo,

Ron Hicks, President
