Friends of Lunches For Learning

Dear Friend of Lunches For Learning,

Lunches For Learning (L4L) has just completed another very successful year of feeding hungry elementary school children in rural Honduras. L4L started the year feeding lunch to 240 elementary school children in four poor, rural, small schools and ended the year feeding 570 elementary school children at nine poor, rural, small schools. During the 2006 school year (February 14 through December 4) L4L provided 103,750 lunches to hungry elementary school children in rural Honduras.

During this same period, more individual and corporate donors have committed additional assistance. L4L will start the 2007 school year (on February 14, 2007) by providing a lunch to 750 elementary school children in 12 poor, rural, small schools. With your continued support, L4L will grow the lunch program to serve 1,000 children by the end of the 2007 school year.

There are three challenges that L4L must meet to accomplish this ambitious goal:

1. **Build a professional and enthusiastic supervisory staff in Honduras.** Besides our Manager, Mrs. Roxana Martinez and her part-time secretary Ms. Irma Buscillo, L4L had hired Mr. Sigfredo Buscillo as the in-country accountant. All three of the staff are well educated and of high moral character. L4L continues to search for a full time assistant for Mrs. Martinez.
2. **Establish a computerized standard accounting package** for the corporate office, standardize other record keeping and procedures. The executive committee understands the challenge and is up to the task.

3. **Maintain timely, useful, and accurate communications with our donor base.** To this end L4L will establish a web site and (just importantly) keep the website current and informative, establish a list of email addresses for those who prefer rapid communications that the internet provides, and continue to speak to service groups and organizations when invited.

The Executive Committee and the Board of Directors of L4L view this as a long-term effort and continue to embrace challenges that each new school year presents. Your contributions are feeding hungry children; your contributions are making a difference.

Siempre su amigo,

Ron
